The 2019 qualifying times were compared against the Lowest Time Achieved, whichever was fastest was used – except in the case of only one swimmer (8 events in 2019), where 2019 qualifying times were used. There were a couple of occurrences where younger swimmers LTA were faster than older swimmers, in these instances the 2019 qualifying times were used.

Once these were sorted, these times were then compared against the Regional times for Summer 2019. There were two events, 15 Years Boys 200m Butterfly, where the suggested qualifying time was faster than the Regional Consideration time, and the 16 & Over Girls 1500m, where the suggested qualifying time was faster than the Regional Qualifying time. In the 200m case, age group 10 – 15, the next time slower than 2.29.65 was used. For the 1500m event, all times were faster than SWR Consideration time, the next age group was used, with the slowest time nearest to 19 minutes was used.

The spreadsheets used are available for you to see if you wish. Had looked at using the qualifying times calculator on the Swim England website but these only showed upper and lowest times achieved during the 2019 competition.

If 6 or less teams enter the Junior Interclub, the only competition will be held on January 18th.

If 7 or more teams enter, it will be held over the two dates and have two divisions.

Combination gala to combine the previous Intermediate and Development galas. Program to be finalised.
